Environmental Policy Statement

McCrae Training Ltd is committed to protecting the environment from avoidable harm in all aspects of its business. The Company fulfils this commitment by implementing an Environmental Management System to ensure:

- Compliance with all relevant environmental Legislation, Statutes, Codes of Practice and Industry Standards.
- Prevention of environmental pollution and reduction of environmental risks by appropriate proactive measures.
- Effective communication and consultation on environmental matters within and out with the Company.
- Establishment of Objectives, Targets, monitoring, auditing and review of environmental performance.
- Continuous environmental improvement.

In its environmental goals and approach, McCrae Training reviews and adopts, as applicable, all relevant Environment, Health and Safety regulations.

McCrae Training is committed to bringing this Policy Statement and supporting the Environmental Management System to the attention of all employees and subcontractors, and to render the Policy Statement available to clients and the public on demand.

Potential hazards associated with impact to the environment can be considerable therefore it is a requirement for McCrae Training employees when working at the site to carry out an on-site risk assessment taking account of Health, Safety, and Environmental risks. Appropriate control measures are then implemented to minimise activities and the risk of environmental impact.

McCrae Training employees are issued with relevant and suitable environmental information on specific aspects such as COSHH (Control of Substances Hazardous to Health), Housekeeping, Noise at Work and Waste Disposal etc.

Where activities require handling and / or disposal of non-hazardous waste materials all activities will be carried out in accordance with Environmental Legislation, Regulations and Industry Best Practice and working against a consented and valid Waste Transfer or Waste Carriers License as applicable

As Managing Director of McCrae Training Ltd, I accept ultimate responsibility for environmental performance within the Company and expect all Company employees to play their part in fulfilling the Environmental Policy and subsequent environmental obligations.
